

## HOMEDALE ROD AND GUN CLUB MINUTES FOR DECEMBER 1, 2022

### DALE TUSTISON OPENED THE MEETING AT 7:30 PM AT THE JADE GARDEN RESTAURANT

Pledge of Allegiance was said by all.

**Meeting Minutes:** Randy read the minutes. Minutes were moved, seconded and approved.

**Financials:** Bill read the Financials. They were accepted as read. Moved, seconded and approved.

### OLD BUSINESS

Dale discussed gravel and conveyed his plan.

The continued discussion about garbage at the range. Specifically beer cans that were recently found. This led to a discussion regarding cameras and the monitoring of cameras. We need extra help and are looking for volunteers.

Dale again addressed the reason why the club needs a certain amount of personal information. How it is needed for contacting and for insurance.

Dale spoke about “loaning” out your gate card and the range rules. There is a zero tolerance.

An emergency action plan was discussed with the physical range address. The address is 9576 U.S. Highway. Giving a physical description is best.

Milt brought up and proposed a “work bond”. (The work bond is to get more members out to the range for cleanups). Dale addressed the issue to some degree. He thinks that there are legalities involved and declared the issue dead.

### NEW BUSINESS

On December 17<sup>th</sup>, Terry is giving a Range Safety Officer class.

The Gun Show is this weekend.

**New Members:** Reed Philips is a new member. It was moved, seconded, and accepted to the Club. New Members need to go through orientation with Phil.

Meeting was adjourned at 8:10 pm.
